Soft skills

- Communicative
- Creative
- Open-minded
- Organised
- Reliable

About me

I started to code almost 4 years ago with my friend who is a Senior Frontend Developer. Since February 2022 I'm Frontend Developer in ReasonApps - small software house in Cracow. In my free time I like to learn new technologies such as React Native or backend in NodeJS.

Education

Cracow University of Technology

Bachelor of Engineering

10/2018 - 01/2022

Transport, Engineering studies

My graduate work was about technologies used in rail transport to communicate with passengers

AGH University of Science and Technology

10/2023 - 06/2024

Software Development Methods, Postgraduate studies

Free time

I like to spend my free time being active. I love sports such as cycling, swimming, mountain climbing and strength training. I also like cars and motorsports.

Work history

Frontend developer

ReasonApps, Kraków

01/2023 - current

- Marketing platform built from scratch with NextJS.
- Server-side rendering used to improve performance.
- Styles developed using TailwindCSS and SCSS.
